English Class

一般科は、全学生が共通に学ぶべき科目を開設しており、人間として、また社会人として必要な知識・教養を身につけるとともに、機械・電気電子創造・物質・建築の各学科の専門性を深めるために必要な基礎学力の獲得を目的としています。

そのため、一般科目は総授業時数のおよそ半分を占めています。また、高等学校と大学の間にあるような授業内容の重複を避けるとともに、専門科目との関連にも考慮して、5年間を通じての効果的なカリキュラム編成を行っています。低学年では、国語・社会・数学・理科・英語をはじめとする高等学校に相当する科目を置き、1学年と3学年では外国人講師による英会話の授業を行っています。高学年では、文学・哲学・英語演習・人間と科学などの科目を置き、大学の教養科目に相当する内容の授業を行っています。

さらに、1学年から3学年まで特別活動の時間を毎週設け、幅広い人間性と社会性の涵養を図っています。

In the General Education courses, students are offered the opportunity to expand their horizons by learning about a variety of disciplines in four specialized courses. In order to acquaint students with general knowledge and to foster development as a social being with global perspectives, the General Education courses are constructed with the subjects to interconnect various topics, aiming at building a firm foundation on which students can stand as responsible citizens.

The subjects offered by the General Education courses, which cover nearly half of the whole curriculum, are mandatory. The curriculum of the General Education courses consists of required courses which nurture basic skills and knowledge in order to establish knowledge in specialized fields during the five year course.

In the beginning years, students study basic subjects taken up at ordinary high school, such as Modern Japanese, Social studies, Mathematics, Science and English. In order to enhance English language competency and communicative skills, English conversation classes taught by a native speaker are offered for the freshmen and the third year students.

In the fourth and fifth years, students are required to study Literature, Philosophy, Advanced English, and Social Sciences.

Students are also expected to join homeroom activities every week from the first year through the third year. Those activities give students opportunities to develop characters endowed with responsibility and wisdom.

Thus, the General Education courses give students knowledge and skills that will serve them well in their personal and professional life in the future.
